SUMMARY

A passionate and results-driven Software Developer with hands-on experience in both web and mobile application development. Proficient in building dynamic user interfaces and scalable back-end systems using modern frameworks like React, Vue.js, and Flutter. Skilled in collaborating with cross-functional teams and translating Figma designs into clean, functional code. Strong understanding of the full software development lifecycle, from concept and design to deployment and maintenance. Seeking to leverage my technical expertise and problem-solving skills to contribute to innovative projects.
